

SINGLE TRACK STAMPEDE IV

Posted by Scotto - 01 Jul 2013 15:05

Registration is open! webscorer.com/register?raceid=7019

New for this year, the Team Competition. 3 person teams will race for prizes. When registering team members need to have the same team/sponsor name and all be in the same class. Shops and clubs with more than one team can just put a number on their name, TEAM, TEAM1...

Plus you don't need to be associated with a shop or club to be in the competition, just get two friends, make up a name and sign up. Also, teams can have more than 3 members but only the top three will be scored. And remember all team members have to be in the same class (expert, sport or beginner).

Yes, pretty much the same course as years previous. It wouldn't be the the STS if the course was different. If anything, it may be longer per lap.

Longer? OCH, was hoping maybe shorter, 3 laps is killer on a SS

I'll have to buck up some how

Sweet glasses.

really looking forward to this years Fest. Camping spot has been booked for a while.

Questions

Does a festival pass include race entry?

If you're an a team are you also eligible for age category podium?

Answers

No, the Fest pass does not include entry into the race. Register for the race with the Webscorer link above. You can receive a race discount by contacting me,

This e-mail address is being protected from spambots. You need JavaScript enabled to view it

after you have registered for the Fest. I'll shoot you over a coupon code to use when you register for the race.

Yes, you are still eligible for both individual and team awards. The team scoring is based on overall individual finishes.

Scott,

Do you have a map of the course?

=====

Re: SINGLE TRACK STAMPEDE IV

For the last three years the course was the main loop counter clockwise from the XC warming hut to the road by the snowmobile climb. Linking it up with Tim's trail and grass sections in between. Since the Fest is centered where we held the Wednesday night races, near the other bathrooms, we are thinking about running it clockwise. With the start/finish being located near the road bridge on the west side. Either way, we are using the whole main loop.

RACE COURSE NEWS: this year we are running the race clockwise with the start/finish being at the road bridge on the west side of the park. This is also very close to where the fest is being held (shelter 6 & 7) and where race check-in will be (shelter 5). Park map: www2.erie.gov/parks/index.php?q=sprague

STS-IV course map. For the first lap only there will be a short detour straight up the snowmobile. The laps following will use all the new trails to get up to the upper kiosk.
