

Single Track Racing

Posted by Scotto - 14 Feb 2014 17:25

WNY mountain bike racing is still here, it's just has a new name. Single Track Racing will be promoting a 6 race spring series, the fifth Single Track Stampede and a new race, the Harris Hill Hustle. Be sure to checkout our website www.singletrackracing.com and our Facebook page, www.facebook.com/singletackracing. There you will find race info and links to our registration pages.

Things are shaping up for The Series.

Number plates are ready.

Trophies are starting to look good.

And since we can now post pictures again I might as well throw this one up.

The Single Track Stampede is back! Saturday, August 23, 2014 marks the fifth anniversary of this great race. With classes for racers of all levels and cash payouts, you don't want to miss it. Use The Series to fine tune your race fitness and come ready to shred Sprague Brook Park in August.

I was just about going to say "works great for me". But then I fired up IE. Looks like yet another thing that doesn't work right with internet explorer. I've found a bunch. I implemented a bunch of work arounds for some, but don't know why there are so many.

Everything works great in chrome, firefox, etc.

Not sure I will be able to fix this one since the code that implements google maps is pretty complex.

What does everybody use for hydration/spare tube etc. (I know-Stans's- I'm working on that slowly)

I'm used to riding with a 10lb camelback-filled with crap. I'm thinking sport
