

## Kona Four Deluxe-Many new upgrades-LOWER PRICE!!!

Posted by Psyclone - 20 Feb 2014 12:41

---

18&quot; Kona Four Deluxe completely disassembled and rebuilt in May of 2012 including all new bushings. Mostly new parts installed at the time, including Chris King Headset, Chris King Bottom Bracket and Chris King Hubs hand laced to Mavic 819 wheels. XO drivetrain (2x9), Stylo cranks, Thomson post, Rockshox Reba fork, Fox RP23 rear shock, Avid Juicy Ultimate brakes, Truvativ Stylo World Cup cockpit, Brooks leather washer grips, WTB Volt Kona saddle and Conti X-King tires (3 rides on them). Great bike and has very low mileage after rebuild (about 15-20 rides). Can deliver in Western New York. \$1500 I can email/message pictures if interested.

Will let go for \$1300 - or will entertain trade/cash offers.
